LONG BEACH — WellSpring Community Network recently recognized Coastal Community Action Program (CCAP) as the winner of the Asset Builder Award.

CCAP is dedicated to enhancing the quality of life of individuals, families, the elderly, children and youth, and people with disabilities in Pacific County. CCAP creates opportunities for people to prosper personally through a variety of programs and services such as weatherization, job

training and placement, housing, energy assistance and transportation. CCAP knows that people in our communities are experiencing growing financial challenges amid an uncertain economic climate and are one paycheck away from becoming homeless. CCAP helps to remove the barriers that prevent achieving economic stability.

Asset Builder Awards are given to individuals and businesses who strive to improve the lives of youth by supporting the 40 Developmental Assets, which have been identified as developmental building blocks for healthy, caring, and responsible youth.

WellSpring Community Network is a local coalition dedicated to supporting community wellness in South Pacific County through active collaborations. For more information about WellSpring or how to get involved, contact Vinessa Karnofski at admin@wellspringpacific.com or 642-9339.
